

BCS SGAI Symposium/Colloquium on Intelligence in Security and Forensic Computing

Introduction

The Centre for Mobile Computing and Security in the School of Computing at Napier University, Edinburgh is organizing the **BCS SGAI Symposium/Colloquium on Intelligence in Security and Forensic Computing** on Monday, 3 April 2006.

Outline

The Symposium invites research-related and novel papers which relate to current and future practices in the application of intelligent methods in security and forensic computing. There will also be a number of invited speakers on key topics which relate to security and forensic computing. Each paper should be around six pages, and a selection will be published in a future issue of **Expert Update** (Journal of SGAI). Note that the SGAI does not take copyright so that the material can be used in other journals.

The current list of invited speakers include:

- Dr Steven Furnell, University of Plymouth.
- James Twycross, University of Nottingham.
- Dr Geraint Price, Royal Holloway University.
- Dr Robert Askwith, Liverpool John Moores University.
- David Llamas, University of St Andrews.

As well as speakers from the Police Force and Industry.

Key dates

Papers should be submitted by email to any of the co-chairs, or through the related Web site. The key dates are:

Submission of papers:	Monday, 6 March 2006
Acceptance of papers:	Monday, 13 March 2006
Symposium:	Monday, 3 April 2006

Location and Contact

The Symposium/Colloquium will be held at the Merchiston Campus in Edinburgh from 10am until 4pm on Monday 3 April 2006. The main contacts are:

Co-chairs: Dr WJ Buchanan w.buchanan@napier.ac.uk
A.Abimbola, Researcher a.abimbola@napier.ac.uk
School of Computing,
Napier University.

Cost and Registration

Cost: BCS members £35 + vat inc. lunch
 Non-BCS members £40 + vat inc. lunch

Registration: BCS SGAI secretariat collette.jackson@ntu.ac.uk
